Type	Mortising Machine
SKU	8001469
Part Number	BM2200-PRO
Brand	Oltre
Technical - Main	
Power Source	240V 50Hz Single Phase
Motor Power (Input)	4HP / 3000W
Chuck Capacity	20mm
Motor Speed - No Load	2800RPM
Table Size	570mm x 300mm
Dimensions	
Product Weight (Net Weight)	160 kg
Country of Origin	
Manufactured in	China
Safety	
Dust Port	100mm
Packaging + Shipping	
Shipping Length	855 mm
Shipping Width	600 mm
Shipping Height	1160 mm
Shipping Weight (Gross)	100.48 kg

Enhance your woodworking efficiency with the Oltre 20mm 4HP Horizontal Professional Boring & Mortising Machine BM2200-PRO. This robust and high-performance machine is designed to meet the demands of professional woodworkers and woodworking enthusiasts alike.

Features

Lower assembling fork for drilling / mortising thick workpiece
Pin drilling device with 4 different defined engage position of 16, 20, 22, 25mm

Built-in cabinet door for tools storage

Powerful Performance: Equipped with a 4HP motor, the BM2200-PRO delivers reliable and consistent power for precise boring and mortising operations.

Versatile Capabilities: The machine accommodates a 20mm bore diameter, making it suitable for a wide range of drilling and mortising tasks on various woodwork pieces.

Horizontal Configuration: The horizontal setup ensures stability and precision during operations, allowing you to work with confidence and accuracy.

Sturdy Construction: Built to withstand heavy-duty use, the BM2200-PRO features a robust construction, ensuring durability and longevity.

Adjustable Depth and Height: Easily adjust the depth and height settings to achieve the desired drilling and mortising depths, catering to different project requirements.

User-Friendly Design: The machine's intuitive controls and ergonomic design make it user-friendly, minimizing operator fatigue and optimizing productivity.

Safety Features: Safety is paramount in the BM2200-PRO, with built-in safety mechanisms and protective shields to
