

305MM (12") SWING X 460MM (18") BETWEEN CENTRES
WOODTURNING MIDI ECONOMY BENCH LATHE WITH VARIABLE SPEED
0.75HP 240V WL460-12D BY OLTRE

An ideal woodturning lathe for Mini to Midi production in a small workshop, ideal for starters. The WL460-12D Mini Woodworking Lathe is a compact and powerful machine that is perfect for precision turning. It is built with a durable cast iron bed and features a powerful motor that delivers smooth and consistent performance. The lathe is also equipped with a quick-change tool post that allows for easy tool changes and improved efficiency. This lathe is perfect for small-scale woodworking projects, whether you are a beginner or an experienced woodworker.

- Features**
- Compact design for easy portability and storage
 - Durable cast iron bed for stability and long-lasting performance
 - Powerful motor for smooth and precise operation
 - Quick-change tool post for easy tool changes and improved efficiency
 - Cross slide and compound rest for precision woodworking
 - Tailstock with adjustable quill for drilling and boring operations
 - Variable speed control, brushed motor for a wide range of woodworking applications
 - Ideal for turning small to medium-sized wood pieces
