

## 62 MAX INFRARED THERMOMETER FLUKE62MAX BY FLUKE

SKU	Option	Part #	Price
8001724		FLUKE62MAX	\$289

Model	
Type	Infrared Thermometer
SKU	8001724
Part Number	FLUKE62MAX
Barcode	095969620208
Brand	Fluke
Dimensions	
Product Length	85 mm
Product Width	75 mm
Product Height	175 mm
Product Weight (Net Weight)	0.26 kg
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The Fluke 62 MAX Infrared thermometer delivers many of the features of the Fluke 62 MAX+, but features a single laser and 10:1 distance to spot ratio. You can use the Fluke 62 MAX to perform non-contact temperature measurements on transformers, motors, pumps, panels, breakers, compressors, duct, steam lines, valves, and vents. It is small in size and extremely easy to use. The single laser helps you pinpoint the target for more accurate readings and makes it easier to measure temperatures in hard to reach areas. With its IP54 rating for dust and water resistance you can rely the Fluke 62 MAX to deliver accurate, repeatable temperature measurements, rain or shine, in even the dirtiest and dustiest industrial sites. And it's rugged enough to take a 3-meter drop so no worries even if you work from a ladder.

### Other useful features:

High and low alarms for rapid detection of temperatures outside the limits

Powered by a single, standard AA battery.

Comes with a three-year warranty -30-

Withstands a 3 m (9.8 ft.) drop

Offers small, lightweight form factor to clip comfortably to your tool belt or belt loop, or easily fit in your tool box

Features a large, backlit display to make data easier to read, even in dark areas.

Displays Min/Max/Avg/Dif: the minimum, maximum or average temperature, or the difference between two measurements
