Our PACKOUT™ Deep Organiser provides a heavy duty storage and transport solution for those users with large fittings and accessories. The transparent lid of the Deep Organiser allows users to easily identify the right accessories for the job, while its no-travel seals prevent contents from moving around inside. With an IP65 rated seal, tools, accessories and fittings will be protected from weather and jobsite debris, while each Deep Organiser comes with quick-adjust dividers that allow the user to customise their unit exactly as needed. Part of the PACKOUT™ platform, the Deep Organiser attaches securely to any other PACKOUT™ product for ultimate transport and organisation on the jobsite.

Features:-

- Deep base to fit larger tools, fittings and accessories storage
- Transparent top for easy identification of contents
- IP65 rated protection to protect against weather and jobsite debris
- Impact resistant polymers and heavy duty latches to withstand jobsite knocks
- Quick-adjust dividers
- 22kg weight capacity
- Modular Connectivity with ALL PACKOUT™ Components
- Limited lifetime warranty
