Brand	Festool
Technical - Main	
Battery Voltage (V)	18V
Connectivity	
Bluetooth® Enabled	✓
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

This compact powerhouse offers an impressive service life thanks to its extremely robust hammer mechanism. The perfect combination of the new generation brushless EC-TEC motor and the battery pack ensure maximum performance and endurance. In addition to this, the TID 18 with 1/4" tool holder turns the screw without straining your wrist thanks to the tangential hammer mechanism with no strength sapping back torque. The machine weight of just 960 grams also allows you to work for longer without becoming tired. **Features:-**

Robust: Long-lasting quality components, also fully covered thanks to the comprehensive support provided by Festool Service

Maximum power: Thanks to the extremely powerful, brushless, and therefore long-lasting, latest generation EC-TEC motor with three speed levels, 180 Nm torque and additional T-mode specifically for self-tapping screws

Safe: kickback-free tangential hammer mechanism protects your wrist

Ergonomic: compact design enables you to work accurately and for longer without becoming tired, even in hard to reach areas

Flexible battery system: For applications with high power needs, the 4.0 Ah Li-HighPower Compact battery pack provides the ideal powerful, compact and lightweight solution. For even less weight, opt for the 3.1 Ah Compact battery pack for light screw joints

Convenient: tool-free 1/4" holder, integrated bit storage, optimum LED illumination of the work area, belt clip for attachment on both sides

Mobile: packed in a Systainer, the TID 18 can be integrated perfectly into the vehicle fixture for easy
