

HEAVY DUTY PROFESSIONAL TOUGHCLAMP SASH CLAMP BY TOUGH CUT

Australian Designed and Patented PAT No. ZL 2021 2 1993973.1

A range of heavy duty professional sash clamps for a wide range of wood working applications including gluing of large pieces of wood and furniture. The head and slide are guaranteed unbreakable, whilst the steel bar offers maximum tensile and yield strength. The slightly tapered jaws enable perfectly parallel clamping and the fast action rolled square thread applies pressure quickly and smoothly to the workpiece.

Features:-

- Manufactured from a strong steel bar fitted with a machined steel head
- Steel bar offers maximum tensile and yield strength to achieve powerful clamping force
- Easy slide adjustment by loosening the wing nut - Never lose a pin again
- The all integrated locking pin for quick and smooth action
- Cast steel jaws are incredibly strong and robust (with machined faces)
- The slightly tapered jaws enable perfectly parallel clamping
- Square thread design for maximum strength without overloading the clamp
- Yellow zinc plated to ensure the clamp is easy to clean and keep glue off
