Soba Brass Head Mallet for Woodworking and Carpentry
This Soba Brass Head Mallet is an essential tool for any woodworking or carpentry project. The mallet is made with a solid brass head, which provides a nice balance between weight and durability. The brass head is also non-sparking and non-marring, which makes it safe to use on delicate materials.
The handle of the mallet is made with high-quality hickory wood, which is known for its strength and durability. The handle has a comfortable grip, which allows for a better control and reduces hand fatigue during extended use.
The Soba Brass Head Mallet is perfect for a variety of tasks, including driving chisels, carving, and assembling wooden joints. The mallet's weight and balance provide excellent impact force without damaging the material, making it a great tool for both beginners and professionals.

- Specifications:**
