

EXTENSION LADDER STEPTHRU SAFETY DEVICE FS14000 BY BAILEY

Step through safely with the new Bailey STEPTHru Extension Ladder Safety Device FS14000. The Bailey STEPTHru allows you to step through, rather than around the extension ladder when getting on and off a roof, through a void, or other access point. Fits in seconds on all Bailey single and extension ladders - no tools required.

Features:

SAFE DESIGN - The StepThru hand rail extends 1m past the roof edge providing safe access to and from the ladder

DUAL CLAMPING SYSTEM - Enhanced strength with dual clamping system

QUICK AND EASY INSTALLATION - Each hand rail can be fitted in under 30 seconds - no tools required
