If you need the protection of a full leather welding jacket, you can't go past the "Promax BL7" ! A special design which offers up to 40% reduced weight and superior comfort - without compromising durability and long wear-life. Opening is off-set to avoid the high wear area directly in front of the operator. Hook and loop closure avoids the added weight and discomfort of metal studs. Extended back offers better protection when bending, kneeling, etc. Selected premium cow hide leather, kevlar stitching and fully welted seams for longer garment life. Adjustable cuffs & collar.

### Features

Premium Blue Cowhide Leather; Does not shed fibres like standard grey/chrome leather

Special design offers reduced weight and superior comfort - without compromising durability and long wear-life

Opening is off-set to avoid the high wear area directly in front of the operator, Hook and loop closure avoids the added weight and discomfort of metal studs.

Sewn with Kevlar Heat-Resistant Thread

Adjustable Cuffs and Collar

Extended back offers better protection of the lower back when bending, kneeling, etc

Kevlar stitching and fully welted seams for longer seam and garment life
