Shipping Weight (Gross)	1.68 kg

The MM 700 MultiMaster is our best MultiTool for the most rapid work progress in interior work and renovation. Supplied with a bimetal saw blade for wood, metal and plastics.

Features

Anti-vibration system: continuously safe and pleasant working thanks to minimal vibrations and outstanding noise insulation.

StarlockMax tool mounting: more work progress and greater precision thanks to 100% power transmission without losses.

QuickIN: tool changes in less than 3 seconds thanks to the patented tool-free FEIN rapid clamping system.

450W FEIN high-power motor: High-power motor with a high copper content, which is suited to continuous use and overload for maximum cutting speed and the most rapid work progress.

Tacho generator: constant speeds even under load and infinitely variable electronic speed control.

Metal gearbox: ability to withstand high loading and outstanding service life because all the gearbox parts are made from metal.

Mechanical interface: for stationary operation in the table or drill jig holder or for securing the depth stop.

Industrial cable: large working radius thanks to finely stranded 5 metre rubber cable of industrial quality.
