Welding Hammer with Spring Grip 5WHSP by Mumme, Manufactured in Australia

Used to chip off slag and spatter around welds especially in holes and difficult corners

Suitable for peening welds of hard facing cast iron

Made from first grade high carbon spring steel

Ends are heat treated for toughness and durability and

sharply pointed to access small areas and corners

Head welded to handle at the right point for proper balance and comfort

Traditional spring grip to lessen shock plus a convenient loop for hanging

Manufactured to the worldwide welding standards
