Features:

Transport Carry Handle - Improved portability & handling on site

Direct Airlock Dust Port - Quick, secure connection, cleaner, safer jobsite

Newly Designed Headlock Pin - Easy to find while on the job or wearing gloves, with a spring loaded design to prevent accidental release

Trenching Function - Accurate adjustable trenching for the perfect finish

Rail Link Transport & Fence - Simple sturdy design for transport & cutting

Crows Foot Bevel Lock - Simple easy access adjustability

Base Extension / Carry Handles - +100mm per support, increases base for material to ensure accuracy, & ergonomic carry handles for manoeuvrability

Aluminium Base - Lower weight design with 0.1 degree accuracy

Wireless Tool Control - Dust extraction when it's needed

XPS Cross Cut Positioning System - No risk of knocks requiring calibration unlike laser systems

Dust Catcher - Long lasting, robust rubber dust catcher removes risk of shatter unlike plastic alternatives

Extending Fence - Have fence support for any application, & ensure they aren't misplaced with the tethering system
