The M12 M-SPECTOR FLEX Inspection Camera Cable Kit is the only contractor inspection camera that gives users the ability to see more, easier, faster. The kit's 274cm cable gives users extended reach in pipes and air ducts without the hassle of buying and connecting additional bulky, inflexible extensions. Leveraging state-of-the-art LED technology, users get greater LED brightness for seeing further and clearer in large, dark spaces. The 12.5mm (.49") diameter and shortened camera head length gives users easier and greater access to tight spaces than 17mm cameras. A 86mm wireless LCD display console allows users to comfortably view images in any position. Capture best-in-class images or video on an SD card for easy documentation of warranty claims or service work for customers. The M12 M-SPECTOR FLEX Inspection Camera Cable Kit is perfect for plumbing lines, H/VAC, facility maintenance, and residential or commercial trades where documenting inspections is essential. **Features:**
9' Ft Camera Cable gives user extended reach in pipes and air ducts without the hassle of buying and connecting additional bulky, inflexible extensions
See clearer, further with 15X brighter LED output
3.5" Wireless LCD display console allows for comfortable viewing in any position or location up-to 15' away
640 x 480 camera for best-in-class image quality
12.5mm (.49") camera head for greater access than 17mm cameras
