Shipping Weight (Gross)	1.48 kg

The handy Dremel Detailer's Grip attachment is a quick and easy to use extra support for any rotary tool having a threaded nose piece. The Detailers Grip transfers the weight of the tool to the palm of your hand for improved tool balance and control. Featuring soft grip on the handle for added comfort and an angled bottom to allow the user to get closer to the work, the Detailers Grip is especially useful when you need to grip a rotary tool like a pencil for precise work during engraving, carving, etching and polishing applications.

**Features:-**

- Enhanced grip and comfort for detailed work
- Optimal tool control when precision is required
- Repositions the weight of the tool into the palm of your hand for a nicer balanced feel
- Attaches onto a rotary tool in place of its nose piece for quick and easy installation

*Full Manufacturer Warranty*
