Manual End Trimmer (suit up to 3mm Edging) RC52P

by Virutex, Manufactured in Spain Clean and exact cut. For cutting the excess of PVC, melamine, polyester, veneer, etc. tapes up to 55mm width and 1.7mm thick at both ends of circular panels. It provides a clean and exact cut, avoiding to damage the panel already banded. The guillotine system allows to cut the tape without effort. The blades can be sharpened. Possibility to regulate the cutting position. It enables precise angular cutting up to 60 °. The RC52P edge trimmer gives a good finish on overlapping joints and on veneered edged, both for straight lines and curves.
