

DUST COLLECTOR 240V 2HP 1 X FILTER ELEMENT (NEEDLE FELT TOP BAG + PLASTIC BOTTOM BAG) OT-DC-1500 (FM300) BY OLTRE

SKU	Option	Part #	Price
8600702		OT-DC-1500-240	\$499

Model	
Type	Dust Collector
SKU	8600702
Part Number	OT-DC-1500-240
Barcode	745240316961
Brand	Oltre
Technical - Main	
Power Source	415V 50Hz (Three Phase)
Motor Power (Input)	2HP / 1500W
Air Supply (CFM)	1490CFM
Fan Diameter:	300mm
Filter Bag / Sleeve Diameter	500 mm
Filter Bag / Sleeve Height	850 mm
Filter Bag / Sleeve Volume	0.153m3
Filter Bag / Sleeve Material	Needlefelt
Collection Bag Material	Clear Plastic
Inlet Diameter	125mm
Dimensions	
Product Length	1000 mm
Product Width	750 mm
Product Height	2000 mm
Product Weight (Net Weight)	47 kg
Workshop (Site) Info	
Air Supply (CFM)	1490CFM
Electrical Connection	10Amp Plug & Lead
Warranty	
Warranty	1 Year
Packaging + Shipping	
Shipping Length	920 mm
Shipping Width	580 mm
Shipping Height	580 mm
Shipping Weight (Gross)	41.0 kg

OT-DC-1500 (FM300) Dust Collector - Maximize Air Quality and Efficiency in Your Workspace

Are you searching for a reliable and high-performance dust collector to enhance the air quality and productivity in your workshop or industrial facility? Look no further than the OT-DC-1500 (FM300) Dust Collector. Designed with advanced features and superior filtration capabilities, the FM300 is the perfect solution for capturing and removing dust particles effectively. Read on to discover the exceptional benefits of this exceptional dust collector.

Features

- 1. Powerful Performance:** The OT-DC-1500 (FM300) is equipped with a robust motor that delivers outstanding suction power, ensuring efficient dust extraction. It can handle large volumes of dust and debris, making it suitable for heavy-duty applications.
- 2. Advanced Filtration System:** This dust collector utilizes a highly efficient filtration system that effectively captures and retains dust particles. It features a combination of filters, including primary and secondary filters, ensuring optimal air filtration and maintaining a clean working environment.
- 3. Easy Maintenance:** The OT-DC-1500 (FM300) is designed for hassle-free maintenance. The filters are easily accessible and can be replaced or cleaned without much effort. This helps to minimize downtime and maximize productivity.
- 4. Durable Construction:** Built to withstand demanding industrial environments, the FM300 boasts a sturdy

construction using high-quality materials. It is engineered to provide long-lasting performance and reliable operation.

5. Quiet Operation: Despite its powerful performance, the OT-DC-1500 (FM300) operates quietly, reducing noise pollution in your workspace. This enables a more comfortable and focused working environment.

6. Compact Design: The compact size of the OT-DC-1500 (FM300) allows for easy installation even in limited spaces. It can be conveniently placed in workshops, garages, or other areas where space is at a premium.

7. Safety Features: The OT-DC-1500 (FM300) incorporates safety features such as a dust collection bag with a quick-release mechanism to prevent dust leakage and maintain a clean workspace. Additionally, it has overload protection to safeguard the motor from overheating or electrical issues.

Why Choose the FM300 Dust Collector?

- Enhanced Air Quality: The OT-DC-1500 (FM300) ensures cleaner air by effectively capturing dust particles, minimizing health risks associated with dust inhalation and creating a healthier work environment.

- Increased Productivity: With its powerful performance and efficient filtration, the FM300 helps maintain a dust-free workspace, reducing equipment downtime caused by dust-related issues and improving overall productivity.

- Durability and Reliability: Built with durability in mind, the FM300 is designed to withstand rigorous industrial use, providing consistent performance over an extended period.

- User-Friendly Operation: The OT-DC-1500 (FM300) features intuitive controls and a user-friendly design, making it easy to operate and maintain. It can be effortlessly integrated into your existing setup.

- Versatile Applications: Suitable for a wide range of industries, including woodworking, metalworking, fabrication, and more, the FM300 adapts to various applications and provides exceptional dust collection capabilities.

Invest in the OT-DC-1500 (FM300) Dust Collector and take control of dust particles in your workspace. Ensure a cleaner and healthier environment while optimizing your productivity. Don't compromise on air quality - choose the OT-DC-1500 (FM300) for superior dust collection performance. Contact us today to place your order or request more information.

Full 12Month Manufacturer's Warranty (for Wood Dust) - Limited 3 Month Warranty for Corian or Cement Dust).
