Type	Edgebander
SKU	8601036
Part Number	PEB250TRM
Brand	Virutex
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

Hot melt edgebander with stationary table. For PVC, ABS, melamine, laminate, or veneer tapes, on straight, round, or shaped panels. Very practical for small manufacturing series, especially on straight panels. Easy operation and fast adjustment.

With all the features of the PEB250 but with a stationary table with a frontal guide, rollers holder, and automatic rear tape cutting and trimming station. The gluing unit can be used as a portable edgebander just taking away the three screws which fix it to the table.

### Features:

Table with extending frontal guide.

Easy height tape and panel thickness adjustment.

Electronic speed and temperature control.

Motorised trimming unit by circular blades.

Glue pot and tape sliding base are covered by Teflon® for easy cleaning and maintenance.

Equipped with roller holder and automatic rear tape cutting.

Upper presser for an optimal banding.
