Brand	Trade Time
Technical - Main	
Material	Leather
Country of Origin	
Manufactured in	Australia
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The Trade Time Tool Bags Junior Kids Tool Bag is a great gift idea for children!

Just like our other tool bags, the Junior Tool Bag is made from full grain leather because it is durable and long lasting. Your child will get years of play out of this one!

The Junior Tool Bag comes with an attached adjustable nylon webbing belt because kids grow fast! It has a built-in leather hammer holder and clip-on style tape measure holder. And the large main pouch lets your child carry whatever other tools (or toys!) they like.

As usual, the materials and secondary components we use for our Junior Tool Bag are of the highest industry standard. Because their tool bag needs to be just as good as your tool bag!

Leather Colours:

If you would like to request a preferred Leather Colour for your tool bag, please do so in the Comments section during the Checkout process. Please note that *not all colours are available at all times*. If we do not have your preferred leather colour in stock, we will use the closest colour available. If you have a strict second preference or something you definitely do not want, you can also let us know in the Comments section. Alternatively, you can give us a call and discuss your preference after you have placed your order. The colour of the full grain leather backing used in all Trade Time tool holders and accessories is Black or Brown. The colour is selected based on the main tool bag leather colour, along with availability. Please note that you cannot request different colour for these leather backings.

Please also note that colours may vary due to computer monitor differences. And as leather is a natural material, colours may vary from one piece or batch to another. **All leather colour representations are approximate and should be treated as a guide only.**
