Designed for use with Festool Dust Extractors, temperature resistant to +70 ° C, features a rotating adapter and tool end connector. Festool's Antistatic hose design helps you work cleaner by preventing dust from accumulating on the exterior of the hose. You'll also work more efficiently with a system that prevents clogging due to particulate build up inside the hose. Work more safely by preventing static discharge and shocks. A durable, pliable design withstands heavy use and prevents kinking for longer service life and more efficient work.
