Features:-

Chisel developed according to the scientific ERGO™ process

Maximum comfort with minimum effort thanks to an ergonomic design

Splitproof two-component handle allows the intensive use of a metallic hammer with the size range of 6 to 50 mm

Splitproof polyamide handle which easily absorbs repeated steel hammer blows

Specially designed safety guard with rounded shoulders further protects the hands from injury

Precision ground blade for maximum sharpness

Superior polished blade finish in the 434 ERGO™ model

Varnished blade for increased rust resistance

Hardened and tempered high quality steel for long-lasting performance

Ideal for demanding carpentry and construction jobs

Protective holster and tip protector included

Standards: ISO 2729
