254MM 120T MULTILATERAL CIRCULAR SAW BLADE 2608644605 BY BOSCH

SKU	Option	Part #	Price
8708621		2608644605	\$120

Model	
Type	Circular Saw Blade
SKU	8708621
Part Number	2608644605
Barcode	3165140966139
Brand	Bosch
Technical - Saw	
Blade (Main) - Diameter (Max.)	254 mm
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

BOSCH® MULTIMATERIAL Circular Saw Blades provide ultra clean cuts in aluminium, plastic and epoxy, particle board and MDF. **MULTIMATERIAL** blades feature precision ground teeth which are made from high quality carbide. The teeth are mounted to a hardened steel body with an optimised negative rake geometry that ensures an exceptional cut quality and a long tool life. They also feature a fully functional, **PTFE** (Polytetrafluoroethylene) coating. This coating reduces friction and heat during cutting which extends blade life. It has an additional benefit of protecting the blade body from corrosion. **Features:**

- Functional **PTFE** Blade Coating - Reduces friction while cutting and decreases gumming on the blade body
- Fully Ground Teeth - Provides clean and smooth cuts
- Negative Rake Tooth Geometry with Triple Chip Grind - Permits cutting of non-ferrous metals and design reduces clogging
- High Quality Carbide - Ensures good blade lifetime
- Hardened Steel Body - Permits precise and stable cut

Safety Information:

- Maximum RPM: 6.000
- Recommended PPE (Personal Protective Equipment):
- Safety Glasses
- Safety Gloves
- Hearing Protection
- Respiratory Protection

Material Suitability:

- Aluminium and other Non-Ferrous Metals
- Plastic & Epoxy
- Particle Board
- MDF
