BRAKE FLUID TESTER K8085 BY KINCROME

SKU	Option	Part #	Price
8710337		K8085	\$79

Model	
Type	Automotive Accessory & Vehicle Servicing
SKU	8710337
Part Number	K8085
Barcode	9312753967907
Brand	Kincrome
Dimensions	
Product Length	234 mm
Product Width	83 mm
Product Height	28 mm
Product Weight (Net Weight)	0.07 kg
Warranty	
Warranty	1 Year
Packaging + Shipping	
Shipping Weight (Gross)	0.07 kg

Kincrome digital brake fluid tester is ideal for testing the moisture content in any brake fluid sample. Developed for professional use in automotive servicing and repair work shops. Moisture content is indicated by the display screen in terms of colour and percentage of moisture in the brake fluid. Upon the completion of testing the brake fluid, dependent on the results, an audible and visible alarm will occur.

Return values between 0-2% will indicate that the brake fluid is good & will result with a green backlight

Return values between 2-4% will indicate that the brake fluid needs to be replaced & will result with a orange backlight and emit a slow buzzer sound

Return Values greater than 3% will indicate that the brake fluid needs to be changed immediately & will result in a red backlight and emit a fast buzzer sound.

Please ensure you are following your vehicles manufacturing guidelines in relation to your brake fluid service & maintenance.
