TINITE COATED DRILL STEPPED SET 120-3S BY INTECH

The 3pc set includes:
• 4-12mm Drill in 1mm increments
• 4-20mm Drill in 2mm increments
• 4-30mm Drill in 2mm increments
P/N: 120-3S

SKU	Option	Part #	Price
8711538		120-3S	\$215

Model	
Type	Stepped Drill Bit Set
SKU	8711538
Part Number	120-3S
Barcode	9333608010791
Brand	Intech
Size	4-12mm, 4-20mm & 4-30mm
Dimensions	
Product Weight (Net Weight)	2 kg
Packaging + Shipping	
Shipping Weight (Gross)	2.48 kg

These drills are ideal for use in thin materials and sheet metals. This single bit does the job of multiple drill bits. The two-flute design ensures smooth and accurate drilling with automatic deburring - resulting in burr free drilling without sheet deformation. No pilot hole is required. Each step corresponds to a hole size. The step depth is 5mm. Set includes 4-12mm, 4-20mm and 4-30mm drill bit.

Gold Finish

A very hard gold coloured, Titanium Nitride, surface finish a few microns thick is achieved by Physical Vapour Deposition. As with all surface coated tools, performance will deteriorate after resharpening. The coating helps dissipate heat and reduces friction and cold welding. Higher speed and feed rates can be achieved and life expectancy is greatly increased.
