3/8" LOK-ON ® Universal Joint 45 ° Square Drive by Kincrome  
Description

The Kincrome Range of Socket Accessories includes Universal Joints, ideal for use in and around the workshop by the trade professional. The Universal joint allows a socket to be applied to any job from any angle.

Features

- Manufactured from Chrome vanadium steel, hardened, tempered, chrome plated and mirror polished for corrosion protection
- Allows a smooth action compared to standard Universal Joint which has the tendency to bind under large angle operation
- Includes LOKON feature, which allows the socket to stay securely attached to the Universal Joint, with a quick release button to remove socket after operation
- Smooth action & high power transfer with maximum access to the fastener
- Up to 45 ° operating angle
