| Product Height | 24 mm |
| Product Weight (Net Weight) | 0.53 kg |
| Packaging + Shipping | |
| Shipping Weight (Gross) | 0.526 kg |

The Kincrome Gear Spanner has all the benefits of standard spanners and more. The strong fine gear ratcheting ring end needs as little as 5 ° of sweep to move fastener, a standard fixed ring end needs a minimum of 30 °, or 6 times the area. The narrow and thin head, combined with fine gear tooth design makes the Kincrome Gear Spanner suitable for working in tight and hard to access areas where a ratchet and socket will not fit.
