32MM COMBINATION GEAR SPANNER METRIC SINGLE WAY K3132 BY KINCROME

| SKU | Option | Part # | Price |
|---------|--------|--------|-------|
| 8712529 | | K3132 | \$135 |

The Kincrome Gear Spanner has all the benefits of standard spanners and more. The strong fine gear ratcheting ring end needs as little as 5 ° of sweep to move fastener, a standard fixed ring end needs a minimum of 30 °, or 6 times the area. The narrow and thin head, combined with fine gear tooth design makes the Kincrome Gear Spanner suitable for working in tight and hard to access areas where a ratchet and socket will not fit.
