Brand	Kincrome
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

### DESCRIPTION

The Kincrome Club Hammer range are used for powerful work, such as striking masonry nails, steel chisels and masonry drills as well as demolition. They come in 3lb and 4lb sizes, and when extra leverage is needed, the 4lb Club Hammer with a long handle is available. Forged from high carbon steel the precision ground head has chamfered edges and is available on a fibreglass handle with a graphite core, or an American straight grained hickory handle.
