Your BUILDPRO Ultimate Claw Hammer Holder is the best solution for keeping ball and claw hammers right where they need to be. We've used a resilient metal frog that won't break, so you can keep large-head hammers where you can get at them quickly.

A safety strap keeps your gear secure, while we've used heavy duty German rivets for extra robustness. Thick, full-grain premium leather ensures a long-lasting, practical holder that's easily attached to your BUILDPRO belt.
