Product Width	250 mm
Product Height	200 mm
Packaging + Shipping	
Shipping Weight (Gross)	0.9 kg

We've made two models of our 4mm thick, premium leather Riggers Bolt Bag. Both our BUILDPRO Riggers Bags are developed to withstand the weight of heavy nails and bolts, with heavy duty stitching and German rivets for maximum robustness.

Attach your bolt bag to your BUILDPRO belt to get at your gear quickly and easily. And because we're tradies, too, we've used drift holders on either side to prevent pesky sliding.

Choose between our 200m/210mm/60mm smaller bolt bag or our 200mm/250mm/100mm Riggers Bag to suit your work perfectly.

Features

- Constructed from 4mm thick premium leather
- Designed to hold the weight of heavy bolts and nails
- Drift holders on either side
- Two sizes available
- Heavy duty stitching
- Heavy duty German rivets
