PU foam made easier. A world first in the market of PU foams. From professional tradesmen to the DIY enthusiast, regular users of hand held PU foam often experience inconveniences. For instance: the need to hold the can and operate the adaptor simultaneously, the difficulty of applying the foam and especially the limitations of re-using the foam after first usage of the can.

For Soudal, continuous product innovation based on market needs is of paramount importance therefore, we have been working on overcoming these inconveniences and the result speaks for itself; Genius Gun®: the easiest PU foam to handle!

The Genius Gun® is a specially designed patented trigger mechanism ensuring precise application and removing the need for an additional gun. The ergonomic handgrip fits perfectly and can be easily operated with one hand. The built-in closing system with bung permits re-use of the can for up to 6-weeks.

Features:-

One handed operation.

Accurate - Perfect control with Genius trigger.
