100ml Grease Lubricant suit SDS Plus & SDS Max Rotary & Demolition Hammer Drills 194683-7 by Makita

Makita Hammer Bit Grease is designed to keep the shank of the bit lubricated for more efficient results. The advanced composition of the grease means the user needs only to lightly grease the shank. The pump top design makes it easy for the user to apply the exact amount they need to the exact spot without making a mess.

Features:-

For greasing the shanks of bits before installing them in the hammer

Covenient 100ml tube

Easy to use pump top design

For use with all brands and types of bits for rotary and demolition hammers
