7PCE SPANNER COMBINATION JUMBO SET METRIC K3035 BY KINCROME

SKU	Option	Part #	Price
8716167		K3035	\$499

Model	
Type	Spanners / Spanner Set
SKU	8716167
Part Number	K3035
Barcode	9312753013215
Brand	Kincrome
Dimensions	
Product Length	580 mm
Product Width	165 mm
Product Height	90 mm
Product Weight (Net Weight)	7.78 kg
Packaging + Shipping	
Shipping Weight (Gross)	7.78 kg

7Pce Spanner Combination Jumbo Set Metric K3035 by Kincrome

Description:-

The range of Kincrome Spanners has undergone exhaustive independent testing, is now 80% stronger than the ASME (American Society of Mechanical Engineers Standard) and 130% stronger than the German DIN standard. The stronger, lighter and greatly enhanced quality of the Kincrome spanner range leaves many name brand competitors in its wake. Improved features include a thinner head allowing the spanner to reach tighter areas, a rounder shaft for a more comfortable grip when applying greater torque, a lighter weight, and the shorter length decreases radial movement by up to 20%. Construction of the range is from forged Chrome Vanadium Steel (Cr-V) hardened, tempered and chrome plated with a polished finish for corrosion protection. Increased Molybdenum Manganese and Nickel content provide greater strength and corrosion resistance.

- Forged from Chrome Vanadium Steel (CR-V), hardened, tempered, chrome plated and polished for corrosion protection
- Ring and jaw offset at 15 °
- Thinner head for hard to reach fasteners
- For heavy duty application
- Increased torque capacity
- Exceeds international ASME & DIN standards

Options:-

Metric(K3035):-

Sizes:- 27, 30, 32, 36, 41, 46, 50mm

Technical Specifications-

Offset 15 °

Finish Polished
