## 1/4" HEX MK2 MOUNT METAL CUTTING SHEAR CHUCK ATTACHMENT EZIS014H BY EZI SHEAR

SKU	Option	Part #	Price
8717189		EZIS014H	\$299

Model	
Type	Shear Chuck Head / Drill Attachment
SKU	8717189
Part Number	EZIS014H
Barcode	9346967001959
Brand	Ezi Shear
Technical - Main	
Cutting Capacity	2.2mm (Aluminium)
Speed Range	0-24,000RPM
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

Suitable for Corrugated Iron & Colorbond Panels. The top and bottom cutting arms are manufactured from 86/40 carbon steel - a very resilient steel suited to the harsh environment of metal cutting. Parts such as bearings and pivot bolts are replaceable you no longer need to throw away the whole tool when they do wear - just replace the worn parts. This range has been tested in real working environment and has proven to be virtually indestructible.

### Compatibility

Drills with a neck width of less than 15mm or a neck not housing a full roller bearing on the spindle can not be used. Select the correct shear head for your electric or air / pneumatic drill from the two models shown on the next page. It is recommended to mount the Ezi Shear to a drill with a metal nosepiece and metal gear box with diameter of 43mm and absolute minimum 15mm clamping width.

### Suits

The Ezi-Shear EZIS014H attachment will fit:  
FESTOOL DRC 18 Cordless Drill 5.2Ah (201557)
