Packaging + Shipping	
Shipping Weight (Gross)	2.5 kg
Quantity Per Pack	6

GEARWRENCH family of flare nut wrenches are a great addition to the toolbox of anyone that needs to loosen and tighten hex nuts. They are available in ratcheting flex head, flex head, and standard pattern bodies. All wrenches have 2 sizes on each wrench, saving space in your tool box. They are manufactured from durable alloy steel and all feature a bright, full polish chrome finish. Ideal for use on hex nuts where tubes are present, such as a vehicle's fuel and brake lines.

Features:

Opening in the head gives greater access to fittings used on tubing

Hex shaped heads maintain a more secure grip on fasteners

Ideal for use on hex nuts made of softer materials

Quickly ratchet flare nuts and bolts without removing the wrench from the fastener

180 ° flexible head provides better access to hard-to-reach places

Manufactured from alloy steel for better strength and longer tool life

Bright, full polish chrome finish easily wipes clean and resists corrosion

Meets or exceeds ANSI requirements

Included tray for storage and organization

Specifications:
