Technical - Main	
Battery Voltage (V)	18V
Motor Speed - No Load	2,500 RPM
Dimensions	
Product Weight (Net Weight)	1.9 kg
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

With the introduction of the new M18 Cordless Shears, MILWAUKEE has the most innovative and largest cordless shear selection on the market. By redesigning the body, we provide an inline wrist design that maximises control during use. Also adding the industry's only Tool-Free 360 ° rotating head, our new shears can be used where hand snips have been needed to finish the cut. These innovations brought to each of the 3 new MILWAUKEE Cordless Shears are changing the way tradesmen work on the job site today.
