Shipping Weight (Gross)	0.55 kg

Josco Double Cut (D-Cut) Carbide Burr's are the most popular in the range, as they offer a universal cutting style for metal removal, deburring, finishing and cleaning. They are very smooth to operate and produce a high cutting action with short chips and no clogging problems. They are particularly suited to work best on stainless, carbon steel and other hard metals.

This Cylinder with No End Cut shape is performs best when used for contour finishing and work on right angled corners.
