Josco Carbide Burrs are ideal for heavy duty stock removal, deburring and weld removal from ferrous and non-ferrous metals.

Double-Cut (D-Cut) Carbide Burrs are ideal for cutting stainless and carbon steel, plus other hard metals. They are an excellent die grinder accessory for metal removing, deburring and weld cleaning. It is the most popular, universal cutting style and offers smooth operation, high cutting action, produces no short chips and no clogging problems. The Cylinder End Cut Carbide Burr is excellent for contour finishing.
