Type	Parallel Clamps
SKU	8718484
Part Number	KRE80-2K
Barcode	4008158032429
Brand	Bessey
Size	800 x 95mm
Technical - Main	
Clamping Capacity / Span	1500mm (60")
Clamping Depth / Throat	90mm (3-35/64")
Clamping Force	600Kg (6000N)
Country of Origin	
Manufactured in	China
Packaging + Shipping	
Shipping Weight (Gross)	4.4 kg

The large, perfectly parallel jaw faces are characteristic of the original BESSEY K Body REVO parallel clamp. It allows easy clamping and spreading of sensitive surfaces and right angles. Even round and pointed workpieces. And the best thing is: thanks to their extra-large contact surfaces, the original BESSEY K Body REVO parallel clamp is universally applicable - even behind and to the side of the high-quality profiled rail. This allows you to clamp in locations that conventional screw clamps are unable to reach. That's guaranteed!

Clamping force up to 8,000N

With 3 removable pressure caps that are repellent to glue, and also resistant to paint and grease solvents

Can be converted without tools for spreading tasks

Anti gravity sliding jaw stop prevents the sliding jaw from freely moving when the clamp is standing on the fixed jaw head

Metal-reinforced plastic housing and optimised sliding arm with double slide protection

High-quality 2-component symmetrical plastic handle with hexagon socket for the comfortable application of the clamping force (max. torque 17 Nm)

Specifications:

Spreading width: 255-930mm

Opening: 800mm

23 Exhibition Drive, Malaga Western Australia

Monday - Friday 7am-5pm + Sat 8am-4pm
