Brand	Milwaukee
Size	12V
Packaging + Shipping	
Shipping Weight (Gross)	2.0 kg

Choose the sub-compact ratchet with best-in-class power, speed and durability. The M12 Cordless 3/8" Ratchet is the ideal tool for auto mechanics, maintenance and repair professionals looking for maximum performance and productivity in a subcompact cordless tool. It utilises a powerful 12-volt motor to produce up to 47Nm of torque and 250 RPM, giving users the power and speed of a pneumatic ratchet without the airhose. It's powered by the M12 REDLITHIUM-ION battery pack, which delivers more work per charge and more work over pack life than the competitors, as well as best-in-class performance in extreme job site conditions. At just 274mm long and 0.91kg, the ratchet is tool-belt portable, and features a 19mm low-profile head design for work in the tightest of spaces and engine bays. The variable-speed metal trigger and reinforced steel housing provide maximum control and durability with any application. The kit includes one M12 battery, a 30-minute charger, a 3/8" to 1/4" adapter and carrying case.

Includes:

M12 Cordless 3/8" Ratchet (Tool only)

M12 2.0Ah REDLITHIUM-ION Compact Battery Pack

M12 Lithium-ion Battery Charger
