Part Number	CL750
Barcode	9312753029018
Brand	Kincrome
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

### DESCRIPTION

The KINCROME CL750 Heavy-Duty Riveter offers a lightweight but strong cast aluminium body with a high leverage Chrome Molybdenum (Cr-MO) handle so you can apply additional force to the larger/harder rivets without fear of breaking the handle.

The riveter has a long nose design so you can install rivets in tight or hard to reach areas, on board storage for the four different sized nozzles, an integrated nozzle/jaw spanner holder, an ergonomically designed grip and tough hardened jaws that can be used with both Aluminium and Stainless Steel rivets, unlike many entry level rivet guns.

### FEATURES

- Cast Aluminium Body
- Cr-MO Handle
- Triple Moulded Grips
- Four interchangeable nozzles (2.4, 3.2, 4.0 and 4.8mm)
- Includes nozzle spanner
