500ml Hydraulic Jack Lubricating Oil (ISO 46) K12400 by Kincrome

The Hydraulic Jack Lubricating Oil is a premium quality, multi-purpose, mineral based oil, formulated with anti-wear, anti-oxidation, anti-foam and anti-corrosion additives. All this offers superior performance in oxidation protection, foam resistance, thermal stability and water tolerance. The range of Kincrome premium oils have been blended in Australia to suit Kincrome equipment!

Features:-

Premium quality Jack Oil, made from selected base stocks and advanced anti-wear additive

Recommended for use in all Kincrome Hydraulic Jacks and hoists

Also suitable for systems that use vane, piston or gear pumps, vacuum pumps

Australian made

Specification:-

ISO Viscosity 46

DIN: 51524 Part 2 (HLP Type)

Formulated to combat rust, oxidation, wear and foaming

Reduces sludge formation

Compatible with silver components

Provides good water separation

Compatible with other hydraulic oils

All packages should be stored under cover to avoid the possible ingress of water and the obliteration of pack markings. Products should be stored below 60 °C

A Material Safety Data Sheet (MSDS) is available for this product. Users should consult the MSDS and follow the precautions outlined
