Brand	Tyrolit
Size	125mm (5") x 1mm x 22.23mm
Technical - Main	
Arbor	22.23 mm
Diameter	125mm (5")
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The BASIC\* cut-off wheel for stainless steel can be used to cut metal sheets, profiles, pipes, rods with small diameters and solid material. The chemical purity of this tool is a requirement of machining stainless steel in order to avoid impairments to the material, such as corrosion, pitting corrosion or a reduction in the fatigue strength. The 1.0 mm thick cut-off wheels are particularly suitable for quick, comfortable and low-burr cutting.
