30MM X 450MM SDS PLUS 4-CUT DRILL BIT 4932356511 BY MILWAUKEE

SKU	Option	Part #	Price
8721354		4932356511	\$122

Model	
Type	Bit
SKU	8721354
Part Number	4932356511
Barcode	4002395321049
Brand	Milwaukee
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

MILWAUKEE SDS Plus MX4 Drill Bits have symmetrical 4 cutter geometry (4 x 90 °) & perfect round holes for optimal anchor fitting. The high volume 4 flute geometry ensures the optimum removal of dust and debris. There is a Centering tip for easy spot drilling with pinpoint accuracy. A welded solid carbide tip on A, 5-10 mm allows for wider flute entrance leading to increased speed. More carbide leads to a higher durability of the tip and higher lifetime. The 4 breaker points pulverize material more efficiently for faster drilling, Enhanced rebar guards for an improved resistance when hitting rebar New variable flute design has a thin flute at the tip for maximum debris extraction, higher speed and less friction. Thick flute at the base for higher stability and reduced bit breakage. Up to 20% more holes per battery charge vs 4 cutter drill bit in concrete and vs. previous generation. Features:

- Symmetrical 4 cutter geometry 4 x 90 °: Perfect round holes for optimal anchor fitting.
- 4 Flute Geometry: The high volume 4 flute geometry ensures the optimum removal of dust and debris.
- Centering tip for easy spot drilling with pinpoint accuracy.
- Welded solid carbide tip on 5-8mm: Allows for wider flute entrance leading to increased speed.
- More carbide leads to a higher durability of the tip and higher lifetime.
- 4 breaker points pulverize material more efficiently and allow the bit to be up to 20% faster than the competition.
- Enhanced rebar guards for an improved resistance when hitting rebar.
- New variable flute design: Thin flute at the tip for maximum debris extraction higher speed and less friction.
