The GBH 18V-26 F Professional with quick-change chuck is the universal performer in Bosch's SDS-plus cordless rotary hammer category, making it perfect for daily use. An optional GDE 18V-16 Professional dust extraction unit integrates with the hammer, providing a self-contained HEPA dust solution for maximum mobility. The rotary hammer also features KickBack Control and Electronic Precision Control (EPC) for better tool handling and increased user protection. Its powerful motor delivers 2.6 J of impact energy for fast material removal rates.

This tool is intended for drilling and chiselling in concrete, masonry, wood, and metal. It is compatible with various dust attachments as well as all Bosch Professional 18 V batteries and chargers (Flexible Power System).

The GBH 18V-26 F Professional also includes various additional features such as Constant Speed, an EC Brushless Motor, Electronic Motor Protection (EMP), as well as an LED light, Rotation Control Clutch, Variable Speed, Vario-Lock, and Vibration Control.

Features:

Optional GDE 18V-16 Professional dust extraction unit integrates with the hammer for a self-contained HEPA dust solution

KickBack Control and Electronic Precision Control for better tool handling and increased user protection
