Shipping Length	633 mm
Shipping Width	457 mm
Shipping Height	438 mm
Shipping Weight (Gross)	39.0 kg
Shipping Notes	This product is classified as 'Heavy / Oversized' and generally does not qualify for FREE SHIPPING.

12" Benchtop Disc Sander is a dedicated disc sander of generous proportions that professional shops favour for fitting and finishing operations, and will fast become a favourite tool in your workshop.

The Disc Sander is available in a light version with a cast aluminium table or a heavy duty version with a cast steel (iron) table.

Direct drive motor provides exceptional power, and makes sanding fast and efficient. Cast iron construction with balanced metal disc plate reduces vibration and gives accurate sanding results. Top brake pad for quick stopping of the disc.

The cast iron table has rack & pinion adjustment (0, 22.5, 45 degrees) for fast angle setting up or down, and has a 'T' slot for use with a mitre gauge.

- Features**
- Rack & Pinion Table Adjustment (Cast Steel Type)
 - Manual Disc Brake
 - Large Working Table
 - Paddle On / Off Switch
 - Steel Disc Plate
 - Tilt: 0-45°
