SENCO M Series Staples

Medium wire staples are versatile fasteners used in a wide range of applications. These staples are made from a medium-gauge wire, striking a balance between strength and versatility. With their sharp points and narrow crown, medium wire staples offer secure and efficient fastening of a wide range of materials. This makes them a go-to choice for various projects requiring reliable and convenient fastening solutions.

Applications

Upholstery, furniture assembly, cabinets, decorative moulds, bedding manufacture, picture frames.

Features & Specifications:

- Crown Width: 9.5mm
- Wire Diameter: 18 Gauge / 1.20mm
- Wire Length: 10-38mm
- Wire: Electro galvanized
- Chisel point
