Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

Protite Clear Casting & Embedding Resin is perfect for hobby and crafts, or applications where a clear resin is required.

Clear casting resin can also be used extensively as a teaching aid and for applications in metallurgy, zoology, botany and medicine. **Features:-**

Easy to Use: Hardens in 12 hours, tack free and fully cured at 24hrs

Crystal Clear: Semi-transparent, viscous liquid with a characteristic styrene odour

Applications:-

Christmas Decorations: Casting insects, coins or flowers in resin for displays and ornaments

Decoratives: Creating cuff links, door knobs, paper weights, plaques, souvenirs, artificial marble products, jewellery, fishing lures and semi-precious stones

Filling: Filling in knot-holes in timber table tops
