SKU	8723979
Part Number	203175
Barcode	4014549302842
Brand	Festool
Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

The special shape in combination with expanding glue pockets and longitudinal grooves gives the tenon a secure grip. For absolutely twist-proof connections and maximum stability. Added to this is significantly faster processing: The first tenon hole is aligned with extreme ease and routed accurately using flip stops. It immediately secures the workpieces that are to be joined so that they are exact and flush with the edge. The DOMINO system even tolerates smaller imprecisions in the other tenon holes. Tenons are 36 mm long, ideal for joining two bases to a centre panel on 19 mm thick T cupboard structures (centre panel joint).
