Brand	Bessey
Size	2000 x 95mm
Technical - Main	
Clamping Capacity / Span	1500mm (60")
Clamping Depth / Throat	90mm (3-35/64")
Clamping Force	600Kg (6000N)
Country of Origin	
Manufactured in	China
Packaging + Shipping	
Shipping Weight (Gross)	4.4 kg

Bessey has redesigned their ever-popular and well-known K-body clamp and introduced the KRE Body Clamp.

It has a powerful clamp thanks to its metal-reinforced plastic housing and optimised sliding arm. The large clamping surfaces, which sit at right angles to the rail, have three removable and glue-resistant protective caps, making clamping objects and panels square and flat easier than ever before.

These are the new go-to clamps that are capable of clamping and spreading.

Features:

Clamping force up to 7,000 N

Very large parallel clamping surface

With 3 pressure caps to protect delicate surfaces

Can be converted to spreading function with no need for tools

High-quality 2-component plastic handle

Specifications:

Throat 95mm

Clamping Range 2000mm
