Packaging + Shipping	
Shipping Weight (Gross)	1.48 kg

MILWAUKEE ® 4.5kg (10lb) Extended Reach Locking Tool Lanyard helps users stay safe and stay productive while working at heights by reducing the risks associated with dropped tools. The lanyard body is engineered to provide the best shock absorption, slowing the tool gradually if a drop occurs. Locking carabiners require double actions to open, ensuring a secure connection. Integrated swiveling carabiner reduces twists when using tools. The red colour coded lanyard allows the user to easily identify the lanyard's weight rating. 50% longer body for extended reach. For use with tools up to 4.5kg (10lb).

Designed to reduce risks of dropped tools

Easy to use

Extended Length

Locking carabiner
